

N° 12,859

A.D. 1892

Date of Application, 13th July, 1892—Accepted, 15th Oct., 1892

COMPLETE SPECIFICATION.

A New Embrocation for the Cure of Rheumatism and such like.

ELIZA TUTTON Vine Cottage Market Hill West Cowes Isle of Wight (married lady) do hereby declare the nature of this invention and in what manner the same is to be performed, to be particularly described and ascertained in and by the following statement :—

5 This invention relates to an embrocation, for curing rheumatism and such like purposes, and the same is composed of the following ingredients, *viz.* :—

	Spirits of turpentine	-	-	-	-	$\frac{1}{2}$ pint.
	Malt vinegar	-	-	-	-	$\frac{1}{2}$ do.
	Salt petre	-	-	-	-	1 oz.
10	Concentrated or strong ammonia	-	-	-	-	1 oz.

The salt petre should be mixed in a mortar with a few drops of the vinegar and put into the bottle first, then follow with the remaining ingredients and after being well shaken and mixed it is ready for use in the following manner.

15 Pour out a quantity of the mixture into an open receptacle, and rub the embrocation well in the place affected.

Having now particularly described and ascertained the nature of my said invention and in what manner the same is to be performed I declare that what I claim is :

20 (1) The embrocation composed of spirits of turpentine, malt vinegar salt petre and concentrated or strong ammonia substantially as described and for the purpose set forth.

Dated this 13th day of July 1892.

E. EATON,
Patent Agent.
